

LOLIENG SUSTAINABLE PROGRAM (L.S.P)

Moses Laveth, Lyneth Jayfred
Redley Nicko, July Kuri

in partnership with the wildlife conservation society (W.C.S)-Mussau island, New Ireland province

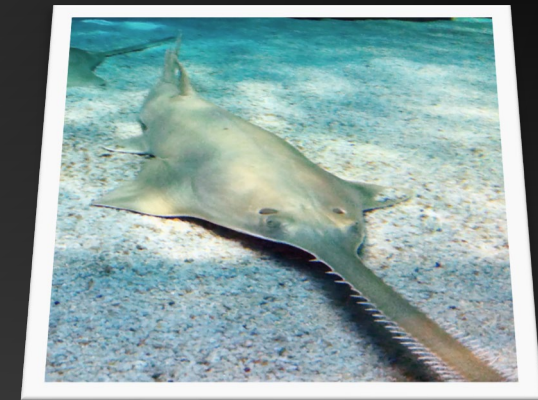

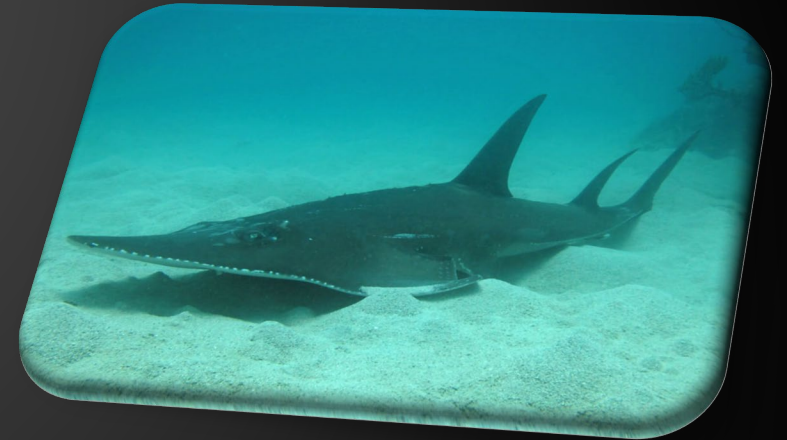

OUTLINE

- Brief outline of WCS work in Mussau Island
- Lolieng Sustainable Program (LSP)
- Activities undertaken in the community
- Challenges
- Recommendations/Way Forward

WCS WORK IN MUSSAU ISLAND

- Rapid biodiversity Survey of PNG's Manus and Mussau Islands- 2014
- Establishment of Lolieng Sustainable Program
- Locally Managed Marine Area (LMMA) monitoring
- Food security
- Murat LLG Marine Protected Area Consultation
- Sharks and Rhino Rays Research (Endangered sawfish and wedgefish)
- Education Awareness Program

LOLIENG SUSTAINABLE PROGRAM (LSP)

- Established in 2015 in Lolieng village
- **VISION:** Unite to Learn, Lead and Shine
- **CORE VALUES:** United as one people, acquire knowledge and skills, Family as the unit of change, trust, transparent.
- **OBJECTIVE:** To resolve communities issues (8 main pillars of the CBO)

8 PILLARS OF LSP

PILLARS	OBJECTIVES
Food securities/Garden	Sustainable Environment
Healthy Marine Resource and ecosystem	Sustainable Environment
Healthy Lifestyle/ Organic food	Livelihood
Improve family houses	Livelihood
Water and sanitation	Water and sanitation
Educated community	Education and future generation
Resilient Happy family	Marriage and family counselling
Faith and Religion	Marriage and family counselling

ACTIVITIES UNDERTAKEN BY LSP

- Food securities/Garden

- **RESILIENT HAPPY FAMILY**

- Attended training with Red Cross on family life
- conducted training on health and family life

- **IMPROVE FAMILY HOUSES**

- Since 2018 conducted housing maintenance and built new houses-ongoing

ACTIVITIES UNDERTAKEN BY LSP

- **EDUCATED FAMILY**

- Created a student body (LOASA)
- Student convention
- Parent/student conferencing
- counselling of students (holiday)

- **FAITH AND RELIGION**

- Take part in group camps
- Revival programs
- In-reach programs

- **HEALTHY LIFESTYLE/ORGANIC FOOD**

ACTIVITIES UNDERTAKEN BY LSP

- **HEALTHY MARINE RESOURCE AND ECOSYSTEM**
 - Locally Managed Marine Area (LMMA)
 - Creation of Marine Management Committee
 - Transecting and monitoring of LMMA
 - Data collection
 - Green sea turtle cleaning, monitoring and protection of nesting site
 - Awareness and education

ACTIVITIES UNDERTAKEN BY LSP

CHALLENGES

- Criticisms
- Lack of financial assistance
- Technical expertise
- Land ownership issues
- Communication
- Transportation
- Weather
- Equipment
- Administrations

WAYFORWARD

1. Reconciliation
2. Review CBO training
3. Review and Evaluate of community action plan
4. Identify individuals for Ranger capacity building
5. Collaborate with other communities in Murat, Tikana and Lovongai LLG
6. Collaborate with other CBO's in PNG
7. Build partnership and networking with technical organization (WCS,BRC,WWF, etc.)
8. Forest conservation
9. Apply for small grant

Through networking and continual support from partners; i.e. technical NGOs, CBOs, and local NGOs, will strengthen and empower sustainability in conserving our wildlife in Papuan New Guinea, now and for the future generations to come...
